The Hopkins Story.

We dedicate ourselves to craft, care and social responsibility. Building timeless homes and thriving communities that protect and respect the environment, for this generation and the next.

“When we started looking for our dream home we knew we wanted a new build property that was located in the heart of the Suffolk countryside, but still offered all the facilities and amenities we needed on a day-to-day basis. Thankfully, we have got all that and more with our Hopkins home and it really stood head and shoulders above anything else we looked at.”

Ben and Charlotte Cobbold – Mill Grove, Stowmarket

“As a younger person, the area gives me the space I want but also has plenty of amenities nearby for me to take advantage of. Buying your first home is daunting enough, luckily for me, Hopkins Homes was with me every step of the way.”

Ella Dowling – Woodland Rise, Barrow

“We love our new home. The house itself is beautifully designed and finished. All those working on the development are friendly and helpful and nothing has been too much trouble, from supporting us during the purchase through to answering queries in our first few weeks of ownership.”

Sarah Brown – Birch Gate, Wymondham

The Hopkins Legacy.

Proud of our contribution.

We're proud of what we do and of the contribution we make to people's lives and communities. However, while it's great to be recognised by industry experts, we never rest on our laurels. That's why we continue to be awarded year after year.

This is our life's work.

Building homes is our vocation, not our job.

From our most experienced colleagues to our new starters, a desire to build a great product is one we all share and are driven by.

Our designers, architects and craftspeople are dedicated to building warm, welcoming and modern homes for the future by using the tried-and-tested housebuilding traditions of the past.

Our experience and attention to detail mean we build homes our families would be proud to live in. We take pride as a team in what we do, the legacies we create and the positive contribution we make to the communities in which we live in.

Homes that will last for generations.

It is not possible in a brochure of this nature to do more than give a general impression of the range, quality and variety of the homes we have on offer. The computer generated imagery, floor plans, configurations and layouts are included for guidance only. The Properties may vary in terms of elevational design details, position/size of garage and materials used. Such changes are due to our commitment to creating homes of individual character, although similar to others. We operate a policy of continuous product development so there may be material differences between the

accommodation depicted in our literature and that on offer on any particular development or at different times during the progress of any development. Maps not to scale. Computer generated images of property types at Queen's Meadow may not necessarily illustrate that property type in its setting at this development.
